

Retention and Graduation Rates: 2017 Update

Four-Year Average of Retention and Four-Year Average of Graduation/Persistence: Undergraduate Program

Retention to: (average)	
Sophomore Year	62%
Junior Year	50%
Senior Year	48%
4 Year	
Graduation/Persistence	42%

Retention Rates in Graduate and Professional Studies Programs:

Note: The rolling retention/graduation rate is calculated by looking at the total student population that started in FY13, FY14, FY15, FY16, FY17 to date (as of 13-SEP-2016) and counts how many graduated or are still enrolled. Because most graduate programs start several times each year using the standard cohort model does not work well due to the small numbers that start each term.

Major/Campus	Retention/Graduation Rates
Ed.D.*	98%
MA Public Policy	73%
MS Criminal Justice (discontinued)	91%
