

## Full-Time Faculty

**RICK MITCHELL**

Rick Mitchell has many years of experience working in information technology, as a systems designer and project manager and also has an educator. For many years he was the president of Programmers Studio, a consulting firm that provided programming and analysis services throughout New England. He worked as a senior project manager at Fidelity Investments and later as a Vice President of Systems Development at the Boston Company. He has taught at many colleges and universities, including: Salem State, Framingham State, Endicott College, Clark University, Merrimack College, New Hampshire Technical Institution and New England College. He is currently the director of the Masters in Science of Computer Information Systems program at NEC. Mr. Mitchell holds a Master's degree from Harvard University.

**CINDI NADELMAN**

Dr. Cindi Nadelman is a Professor of Business and Computer Systems. She joined New England College in May 2001. Dr. Nadelman has a Doctorate in Business Administration from Northcentral University (2014), with a specialization in Information Systems, a Master's degree in Business Administration (MBA), and a Master's degree in Public Administration (MPA) from Georgia College and State University. Dr. Nadelman has taught at many colleges and universities, including: Quinnipiac University, the University of Maryland University College, the University of Connecticut, Albertus Magnus College, and Granite State College. Her areas of expertise include telecommunications, information systems, web programming, and cyber security. She is a retired U. S. Air Force officer with experience in data and electronic security systems.

### **JIM OWENS**

Jim Owens has worked and taught in the fields of information technology and computer science for many years. Following a career in the US Air Force, he began a second career in technical education. He holds a Master of Science degree in Computer Science from Clarkson University, a Master of Education from St. Michael's College and a Bachelor of Arts in Business and Management from University of Maryland University College. He has taught at several colleges and universities in New England and New York, as well as the American University of Iraq, Sulaimani, in Iraq's Kurdistan Region. His teaching and professional practice reflect a broad background in system administration, database and Web systems, computer programming, and the practical application of computing and network technologies. Jim's primary focus in both research and teaching is computer and network security.

### **DAVE POLLAK**

Dave Pollak has worked in computer technology and with computer networks since 1986. He worked with VOIP in 1997 using Motorola hardware and fractional T's provisioned by the phone company. He has served as a system, network, and database administrator and has installed point of sale systems in a variety of environments. Dave has taught technology courses for many years. In his spare time, Dave plays the banjo and enjoys gardening. He has a BA in Psychology from George Washington, and a M.Ed. from Antioch and a law degree from the University of Pennsylvania.

### **VARUN VEMULAPALLI**

Varun Vemulapalli co-founded an Indian web services firm (CYBERCUBES) which specializes in web designing, logo design, branding and digital marketing. He also worked as a business development associate for GAMIFAD, an app development firm that is the part of the 10,000 Startups NASSCOM initiative. He holds a master's degree in computer information systems from New England College and a bachelor's degree in computer science from KL University in India.

# Adjunct Faculty

**DAN BOUCHARD**

Dan Bouchard has been an instructor at NEC for over six years. He specializes in general business courses, including supply chain management, operations and project management and international business. In his professional life, he is the Executive Director of the Hooksett, NH Chamber of Commerce. Previously he worked in the graphic arts / printing field where he ran print shops ranging up to 50 employees. He holds a B.S. in General Business Management and an MBA as well as an M.S. in Operations and Project Management, all from SNHU. He also has a Graduate Certificate in Supply Chain Management.

**KAREN MACINTYRE**

Karen MacIntyre has a long and varied career working with computer networks. For many years she was a senior engineer in telecommunications and networking products for Digital Equipment Corporation. Later she worked as a field application engineer for Cypress Semiconductor in Nashua, NH. She has taught computer and networking courses at a variety of colleges including New Hampshire Technical, Vermont Technical College and the University of Vermont. Karen has an MSECE from the University of Mass at Amherst with a concentration in Computer Networking.

**TOM MONGEON**

Tom Mongeon P.E. is the Executive Director/CEO of the Executive Service Corps, the largest nonprofit consulting firm in Northern New England that does not concentrate on fundraising. He is a former Fortune 100 executive who built and led organizations and projects for corporations including GE, Honeywell, and United Technologies. His overall experience spans nearly 20 industries. He has been an invited speaker on strategic planning at the NH Governor's Conference on Volunteerism, various US Department of State venues, and the Tri-State Housing Conference. Tom attended Western New England University where he earned a Master's Degree in Engineering Management and a Bachelor's Degree in Electrical Engineering. He is a Licensed Professional Engineer, Electrical Power in the State of New Hampshire.

### **BOB PIZANI**

Bob Pizani is a seasoned principle system engineer and technical instructor with over twenty-five years of experience in data and voice network design, administration and management with emphasis on routing and switching, voice over IP, wireless and telecommunications. Bob has provided voice and data solutions for customers and partners through deployments, instruction and technical pre- and post-sales support, in addition to teaching students at multiple levels in networking and telecommunications technologies. He has a Master of Science degree in Information Technology specializing in IT Leadership and is currently pursuing a Doctorate in IT from Walden University.

### **WOODY PRINGLE**

Woody Pringle is a professional educator with thirty-two years of experience providing training to organizations and teaching in the academic environment. He is a performing artist who as a rostered presenter with the New Hampshire Humanities Council presents topics in American history through the performing and visual arts. He has taught for several years at the Management Division and the MS in Computer Information Systems program at NEC. He holds an MBA from the Rensselaer Polytechnic Institute.

### **DAVE PELLETIER**

Dave Pelletier's career includes several staff positions at Thomas & Betts Corp before transitioning to a role as Director for European operations. Following T&B, Dave led a start-up business that serviced all major appliance manufacturers. After growing the business to 35 million in sales, he became CEO at Annalee Dolls, an 80 year old NH business. Dave has worked as adjunct faculty at Western New England College, U Mass, Findlay University and NHTI and has been a guest lecturer at Cornell many times over the past 15 years. Dave has an undergraduate degree from Cornell and a MBA from the University of Colorado.

## KAREN RJ WHITE

Karen RJ White, PMP, PMI Fellow has more than thirty years of business and project management experience, focused on delivering mission-essential complex projects. A recognized leader in the global project management community, Karen received the Fellow's Award from the Project Management Institute for her extensive work in the field of ethics, including the development and adoption of a global Code of Ethics for the Institute. Karen is the author of the award-winning book, *Practical Project Management for the Agile Non-Profit*. Karen holds a Master's degree in Information Systems from Northeastern and is currently pursuing a Doctorate in Business Administration through the University of Management and Technology.
