

NEW ENGLAND COLLEGE CARE REPORT

(This is not for an immediate emergency)

The CARE report form is designed to give students, faculty, staff and community members the opportunity to report concerns and issues that may affect a student's well-being. The form can be used to report issues of housing, mental health concerns, academic concerns, family concerns, and other issues. Please give as much detail as possible about a situation. To protect the rights of students regarding these records, the College has established policies and guidelines which describe the records maintained and provisions for releasing information. These rules conform to State and Federal laws (the U.S. Department of Education guidelines for the Family Educational Rights and Privacy Act of 1974 as amended, known as the Buckley Amendment or FERPA.)
