

Course Registration

Use this section to prepare for registration and register for open terms.

Prepare for Registration

Navigate to the **Registration** tab.

To check your registration status, select  **Prepare for Registration**.

This section will display any restrictions on your account, such as holds or statuses that prevent registering for classes in the upcoming term.

If there are errors, you may need to contact Academic Advising, Student Services, or Student Financial Services to clear an existing hold.

If there are no errors, you may proceed to the  **Register for Classes** section.

To begin registering for classes, select from the **Terms Open for Registration** drop-down menu.

There are three ways to add courses to your registration: by **CRN**, by **Find Classes**, and by **Plan**.

Add by CRN

To register by entering CRNs, navigate to the **Enter CRNs** tab.

Enter the CRN for the desired course into the available field.

Click the **+Add Another CRN** option to enter more than one course at a time.

When finished selecting courses, select the **Add to Summary** button to proceed with registration.

Add by Find Classes

If you do not know the CRN for your desired class, use a *Basic* or *Advanced* search to view available classes. Searching through this method will show all classes that fit your search criteria.
