LIVE WHAT *You* Learn

New England College offers a unique approach to higher education: **Live What You Learn**. What does this mean exactly? It means that you can go beyond traditional classroom learning and explore real-world opportunities to **Live What You Learn**.

You can pursue internships or fieldwork to gain hands-on experience. You can make a difference by working with the student-run newspaper or radio station. Make the world your classroom during a Study Away trip that is included in your tuition. Major-specific opportunities include performing research alongside your professors during the Summer Undergraduate Research Program, working at the bedside in partner hospital around the state, or working with client in the mental health field.

No matter how you **Live What You Learn**, you will graduate from New England College with more than a diploma. You will graduate with experiences that prepare you for your life and career after NEC, whatever you want them to look like.

“The beauty of attending a liberal arts college was that I could take any class I wanted. I took classes in multiple disciplines and found that biology was the one that really challenged me.”

Mackenzie G.
RHODE ISLAND | Biology

LIVE WHAT
You Learn

Education for the Common Good

At New England College, you will earn a degree that is rooted in the liberal arts. You will learn to think analytically and critically, solve problems and work together, and communicate clearly and effectively. You will also gain an appreciation and understanding of society, culture, the arts, and citizenship.

Your Success Is the Top Priority

Academic Assistance services include free Academic Advising, Disability Services, First-Year Programs, Internships, Peer Success Coaches, Tutoring, and Writing and Academic Support. NEC's fee-based Mentoring Program can help you create an individual strategy for academic and personal success.

Top-Tier Facilities and Innovative Programs

You will have every tool you need at your fingertips, from cutting-edge art and design studios to fully equipped health and science labs. And you can choose from innovative degree programs that focus on careers of the future.

The Power to Stay Connected

Enjoy high-speed connectivity to power all your activities, the full Microsoft 365® suite of software, 1 terabyte of storage, and access to both Apple® and Windows® computers. Art and Design students even have access to the full Adobe Creative Cloud®.

Business and Management

NEC's annual *Shark Tank*-style competition invites students to pitch innovative ideas to a panel of judges during a high-energy event.

“Although I never expected that my journey would bring me to the only Henniker on earth, the community here has gifted me everything I could have hoped for. I owe all of my personal victories here to the bond that we share. I found a sense of belonging.”

Meaghan S.
MASSACHUSETTS
Business Administration & Psychology

LIVE WHAT
you Learn

You can become a business leader. When you study **Business and Management** at New England College, you will learn about leadership, strategic vision, innovation, and entrepreneurship—the skills that will prepare you for today's rapidly changing business environment. These skills will help you navigate globally and digitally focused business dynamics, solve business challenges, and keep you in demand.

TACKLE REAL-WORLD PROBLEMS
through innovative project-based learning, like like traveling to Kenya to explore market-based solutions to climate change.

GAIN HANDS-ON EXPERIENCE
through internships at places like
Clean Fuels Associates, Inc.
Global Response Partners
Henniker Brewing Company
Concord Hospital
Special Olympics of New Hampshire
and more

LEARN THROUGH PRACTICAL EXPERIENCES
rather than textbook instruction. A recent marketing class created a marketing campaign for a local organization.

Criminal Justice

LIVE WHAT
you Learn

You can find meaning in the human experience by studying the many facets of humanity: languages, literature, art, music, history, philosophy, and more. These areas of study strengthen your critical-thinking and problem-solving skills, preparing you for a career in a variety of fields.

When you study the **Humanities** at NEC, you will gain a solid liberal arts foundation and enhance your communication, research, and analytical skills to better interact with individuals from all walks of life. You will see how topics like religion, race, gender, ethnicity, and human rights relate to the human experience.

GAIN REAL-WORLD EXPERIENCE
through internships.

GET UP CLOSE AND PERSONAL
with the political process because the road to the White House runs through NEC.

JOIN
The NewEnglander, the student-run newspaper, or WNEC, the student-run radio station.

SEE YOUR MAJOR COME TO LIFE
on a Study Away trip that is included in your tuition.

Nursing

“
NEC offers Earn
While You Learn,
so essentially, we
are working as
LNAs while we’re
in the program.
That gives us a lot
of extra hands-on
experience while
we’re also getting
paid. And the Nursing
faculty create a
supportive learning
environment; they’re
really here for
your success.”

Jennie S.
NEW HAMPSHIRE
Nursing

In today's complex healthcare system, nurses advocate for population health. And for many, nursing is more than a career—it is a calling.

Answer your calling and move into your career faster with NEC's three-year cooperative **Bachelor of Science in Nursing** (BSN).

This BSN program combines the holistic benefits of a liberal arts education with an invaluable conceptual nursing education and real-world clinical experiences. The program uses the most current evidence for pre-licensure nursing education to ensure you will have the knowledge, clinical judgment, and problem-solving abilities to meet the complexity of healthcare well into the 21st century.

**You will

LIVE WHAT
you Learn

When you choose **Science, Health, and Exercise** at New England College, you will learn through hands-on experiences that can give you the skills, leadership, and compassion to rise to the challenge in your career.

ENGAGE IN REAL-LIFE
 application of classroom learning and work side by side with professionals in your field during internships and fieldwork.

PERFORM IMPORTANT RESEARCH
 with faculty and fellow students in NEC labs. Students can also apply to work in NEC's **Summer Undergraduate Research Program (SURP)**. Students who participate in SURP are invited to showcase their research with a poster or oral presentation at the annual **NH-INBRE Conference**.

BUILD YOUR SKILLS
 in communication, decision-making, and leadership.

Home Away From Home

Welcome to New England College.

You will find NEC's campus to be a true community that welcomes everyone and provides a healthy and safe learning environment that promotes intellectual curiosity, personal accountability, civility, and social development for all students.

- High-Speed Internet
- Kitchens and Common Areas
- Handicap Accessible
- Singles, Doubles, Triples
- Laundry Facilities

12 Residence Halls New and Historic Residences

 **Residential Life**
Residence halls include high-speed internet and your choice of one-, two-, or three-bedroom living accommodations. Most rooms include air conditioning, and many are handicap accessible. Kitchens and other common areas offer fun and relaxing places to gather with friends, study, or relax on your own.

Campus Dining

You'll love the food at NEC.

From cafés to a full dining hall, you will see NEC's commitment to offering dining options that will fuel your college experience. Make a healthy meal from our salad bar or indulge in comfort food like hand-tossed pizzas or a burger and fries.

All of our ingredients are fresh; sourced locally when possible; and include hormone and antibiotic-free meats, cage-free eggs, and sustainable seafood choices. And there are plenty of options for students with food allergies or special diets.

On-Campus Starbucks® Café

Tubing and Night Skiing

Outdoor Activities

In New Hampshire, you will find the playground of your dreams. You can take advantage of free skiing, snowboarding, and tubing at Pats Peak, just two miles from campus; hiking and walking trails; mountain biking; and NEC's ropes and disc golf courses.

You can even explore New Hampshire's Seacoast or the exciting and historic city of Boston, Massachusetts, both about an hour and a half away from campus.

Athletics

40%
of NEC
undergraduates
are student-
athletes

Join other student-athletes who participate in one of over 20 NCAA Division III sports. In addition to the highly competitive Great Northeast Athletic Conference (GNAC), our athletes compete in the New England Hockey Conference, U.S. Collegiate Ski and Snowboard Association, and New England Wrestling Association. You can find your way to have an exceptional student-athlete experience.

“ Athletics at NEC give you an opportunity to be part of something great. In the job world, people who are hiring are looking for impact—people who get things done. A division III athlete is exactly what they are looking for. You learn to listen, to follow directions, to lead, and to think ahead. It takes courage to give your all. ”

Erica Ledy
Women's Basketball Coach

 **Esports**
NEC's championship-winning esports team teaches leadership, communication, perseverance, and determination—the same skills gained from participation in other sports. And our eSports program is open to all students.

New England College offers a community that welcomes everyone.

The Office of Student Empowerment and Leadership seeks to create an environment that is student-centered, where all members build capacity for cross-cultural competence that serves as a catalyst for social justice.

The Office of Disability Services is committed to providing equal access to all programs and activities so that New England College students can become independent and successful learners.

You Belong Here

Student Clubs

play an important role in the college experience. You will find new challenges, friends, and adventures with an established club or one you create. Clubs include:

Adventure Bound
Business Club
Criminal Justice Club
Esports
NEC Role-Playing Association
The NewEnglander Newspaper
and more

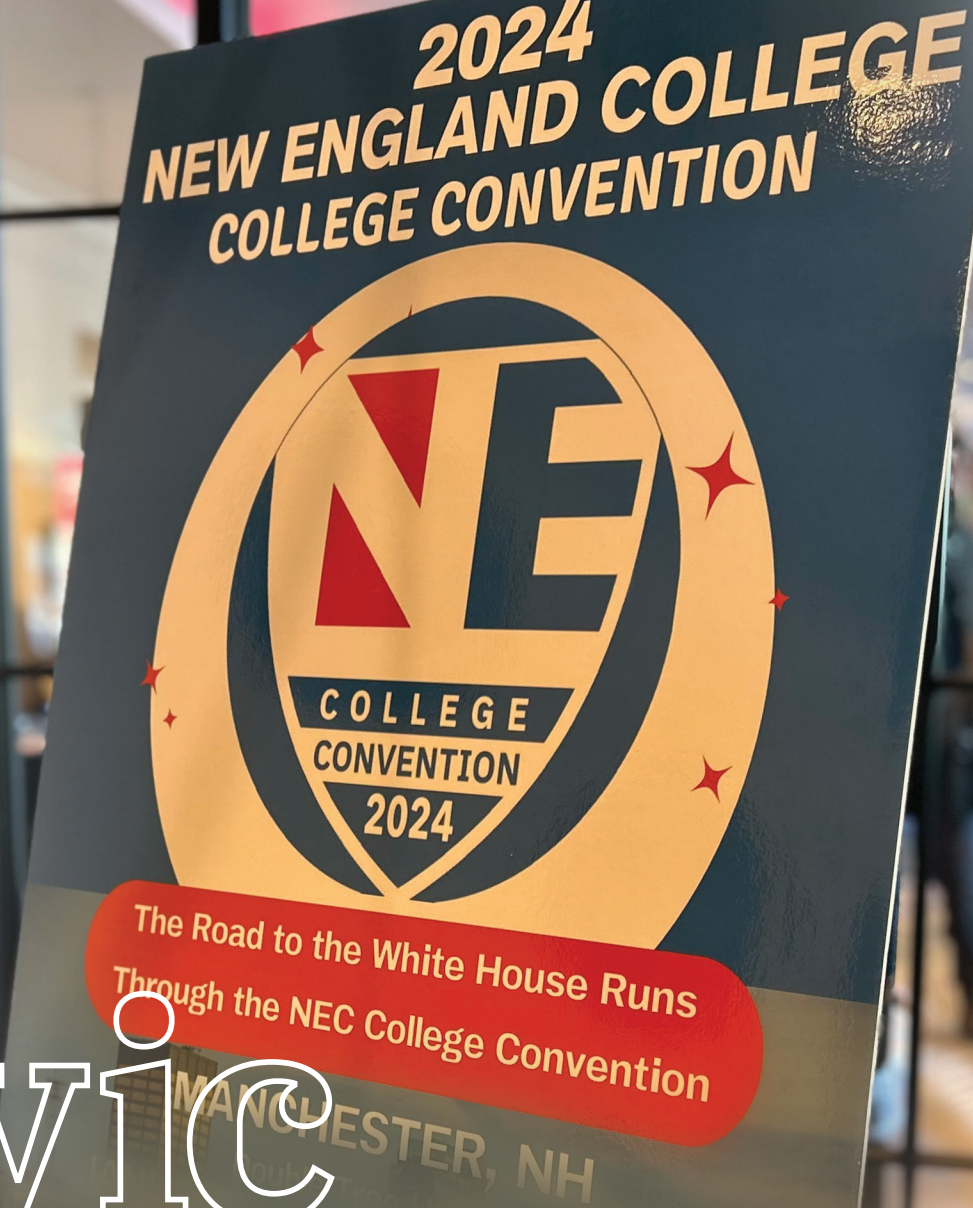

What does our community look like? It looks a lot like YOU.

NEC welcomes everyone and is proud to be one of the most diverse colleges in New Hampshire. Our students have represented all 50 states, more than 75 countries, and all walks of life. We respect each other, we share stories and experiences, and we learn from each other.

Civic Engagement is part of NEC's DNA.

Every day, students become thoughtful and engaged members of the community, whether that is through political involvement, volunteer work, or something else entirely. And you will learn from faculty, leadership, and alumni who lead by example.

Civic Engagement

Internships
NEC students have done internships in Congressional offices in Washington, D.C.; the White House; and the Office of the First Lady.

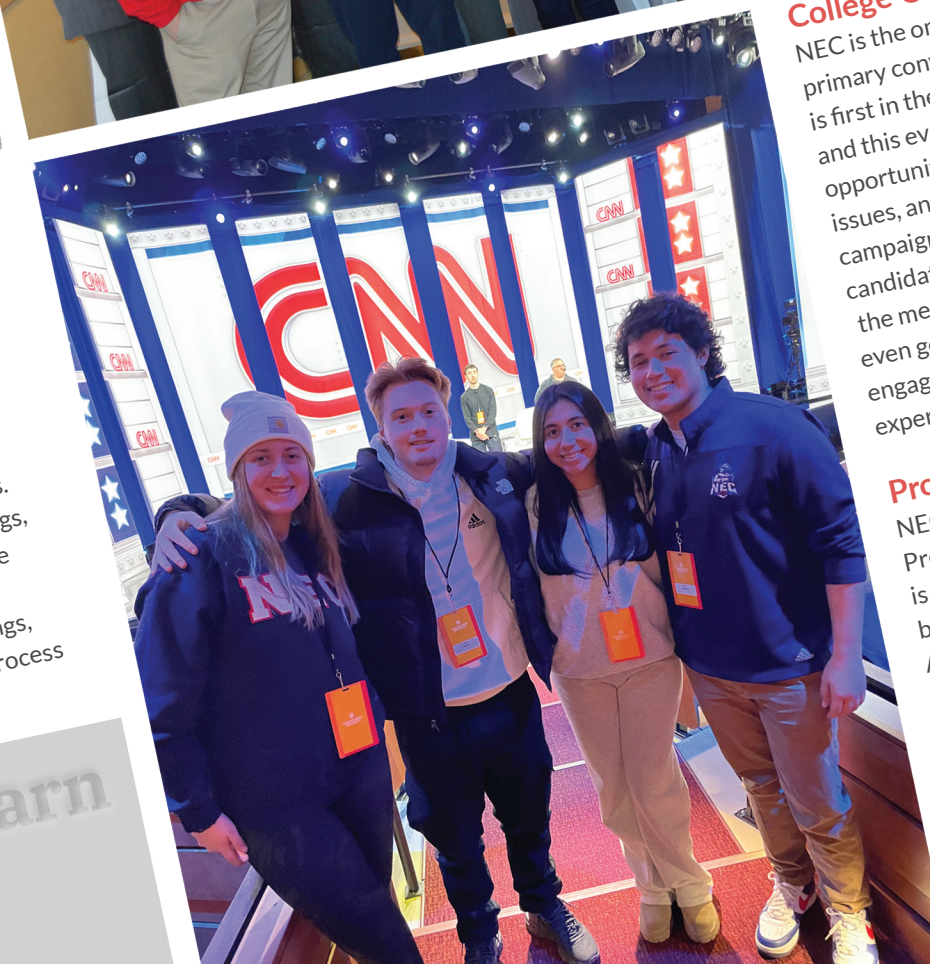

Town Hall Series
Meet the next President of the United States. New England College has been described as a place where the road to the White House begins. You can help organize and run town hall meetings, and you could be selected to formally introduce a presidential candidate. In January 2024, CNN globally broadcast two town hall meetings, and NEC students got to play a part in that process from NEC's campus.

Student Government Association
Students from all areas of campus life make large decisions on behalf of the student body and serve as the voice of students.

College Convention
NEC is the only college in the country to host a primary convention for students. New Hampshire is first in the nation for the presidential primaries, and this event gives the next generation of voters the opportunity to come face-to-face with the people, issues, and process that shape presidential primary campaigns. You can experience it all: listen to leading candidates, witness the media frenzy, engage with the media, interact with candidates, and maybe even get hired by campaigns on the spot. It's civic engagement. It's political awareness. It's hands-on experience. It's once in a lifetime.

Project Pericles
NEC is proud to be a founding college of Project Pericles. This national organization is committed to civic and social engagement based on the principles and history of American democracy. The Pericles program uses theory and engagement to help students like you become personally involved in civic and socially responsible service.

Career Development

Plenty of students do not know exactly what they want to do with their lives when they start college, and that's okay. You can work with **NEC's Career and Life Planning (CLP)** team to help develop your career plans that match your skills, interests, and values. Learn what to wear to that interview, how to create an effective résumé, how to research job opportunities or graduate programs and requirements, and how to make connections.

You can also take advantage of **Handshake**, a centralized career resource for all students that gives you access to over **500,000 employers**. Offered as both a web-based service and mobile app, Handshake's career services software gives you the ability to make same- or next-day, one-time- or clusters of appointments, anytime and anywhere. A curated collection of CLP's published resources—such as résumé workbooks and job search guides—are also available for download.

“ I never want fear to dictate my decision making, whether it's running for public office, being a first-generation college student, or opening a business. ”

LIVE WHAT
you Learn

Apply

nec.edu/apply
Complete your application.

nec.edu/apply
Complete your application.

Application Process

Begin by completing the NEC Application at **nec.edu/apply** or the Common Application at **commonapp.org**. Complete whichever application you prefer.

These documents are reviewed for admission:

- Completed application for admission
- High school transcript (unofficial for admission)
- Written essay (required for Nursing, optional for other programs)
- Letters of recommendation (required for Nursing, optional for other programs)
- College transcript (for transfer students)
- Standardized test scores—optional for all programs
- International students—Go to **nec.edu/international** for details.

NEC has a rolling admission process. That means that applications and transcripts are reviewed when they are received and that offers of admission and scholarships are generally sent within two weeks.

Once you are admitted, you can confirm your enrollment and accept your scholarship by submitting a \$300 deposit at **nec.edu/deposit**.

Transfer Students *NEC is “transfer friendly!”*

You can transfer up to 90 credits toward a bachelor’s degree at NEC. You will receive your transfer credit evaluation within two weeks of being accepted.

Scholarships

On-campus undergraduate students are offered a scholarship at the time of admission, generally with their letter of acceptance. Scholarships range from \$18,000 to \$32,000. The scholarship amount is based on a student’s high school grade point average (GPA) and the strength of their high school curriculum. Scholarships are good for up to four years if students are enrolled full time and keep a minimum 2.0 GPA at NEC.

NEC’s merit scholarships include:

- Presidential Scholarship
- *Alta Petenda* Scholarship
- New England Scholarship
- Leadership Scholarship

Financial Aid

To get additional financial help, you should fill out the Free Application for Federal Student Aid (FAFSA). Go to **studentaid.gov** and use NEC’s federal **code: 002579**. Make sure to complete the FAFSA for the year you will start college. For example, if you are starting in the fall of 2026, complete the FAFSA for the 2026–2027 school year.

When to complete the FAFSA

The FAFSA for the 2026–2027 school year will be available starting October 1, 2025. Try to submit it by the priority **deadline of March 1, 2026**, to increase your chances of getting more financial aid.

Types of Financial Aid

If you complete the FAFSA, you might qualify for additional financial aid like:

- Federal Pell Grant
- Federal Supplemental Educational Opportunity Grant (FSEOG)
- New England College Grant
- State Grants
- Federal Direct Stafford Loan
- Federal Direct PLUS Loan
- Federal Work Study

International Students

International students are eligible for institutional scholarships and grants and are required to complete the CSS Profile. Go to **cssprofile.collegeboard.org**. Send your information to NEC with **code 3657**.

Tuition and Fees

Go to **nec.edu/undergradcost** for the current rates and details for on-campus undergraduate programs.

Have Financial Aid Questions?

nec.edu/sfs | **sfs@nec.edu** | 603.428.2226

New England College welcomes all people and prohibits discrimination on the basis of race, color, creed or religion, national origin, gender, sexual orientation, age, marital status, pregnancy, veteran’s status, or disability.

nec.edu/apply
Complete your application.

Important Dates to Remember

- SEPTEMBER–DECEMBER**
- Submit application at nec.edu/apply or through the Common Application.
 - Visit campus. Learn more at nec.edu/visit.
- OCTOBER 1**
- First day to complete FAFSA for the 2025–2026 school year
- JANUARY–APRIL**
- Receive and review your financial aid award letter.
 - Submit \$300 deposit to reserve your spot and accept your scholarship. Visit nec.edu/deposit.
- MARCH 1**
- NEC’s FAFSA priority deadline
- MAY 1**
- Last day to submit deposit for the May 1 priority date
- MAY–JULY**
- Log into your enrollment portal to select your housing preferences and provide information to prepare for the Fall.
 - Participate in online and on-campus summer orientation in June and July.
- AUGUST**
- Prepare to begin your college experience with orientation a few days before fall classes begin. Details will be provided.

The best way to get to know
New England College
is to see it for yourself.

Campus Tours
In-person guided campus tours include academic, residential, athletic, and community areas around campus. Your personalized visit is provided by admission office student workers and NEC’s helpful admission counseling staff. All visits include the opportunity to speak with an admission counselor who will provide information on academic programs, student life, admission process, financial aid, and scholarships.

Campus Tours Offered
(All times are EST.)
Monday–Friday 10:00 a.m. and 2:00 p.m.
Tuesdays 5:30 p.m.

To schedule a tour, take NEC’s virtual tour, or see a list of area accommodations, visit nec.edu/visit

nec.edu/visit

Saturday Morning Tours and Presentations
Come to campus for a student-led tour of New England College. Attend an information session and campus tour. The program includes lunch for you and your family and a free t-shirt for you. Go to nec.edu/visit to see upcoming dates and to register.

Group Visits
High school teachers and guidance counselors can bring a group of students to visit New England College. To plan your visit, contact the Undergraduate Admission team.
