Winter 2026 Course Offerings

NEC is excited to be offering online courses of interest in our extended Winter term. Most courses have required class meeting times conducted over Zoom. Courses begin on December 14th and run through January 10th, with a break the week of December 21st. Winter is a great time to get caught up or ahead from on campus or the comfort of your home.

For Winter 2026, students paying full-time tuition will have the ability to take, between Fall and Winter term, up to 18 credits with no additional tuition charge.

How does that work?

- If you were registered for classes in the Fall term, you can subtract the number of credits you took for Fall and any left up to 18 can be taken in the Winter term.

What if I took 16 credits in the Fall and I sign up for a 4-credit course in the Winter?

- If you take 16 credits in the Fall, you would only pay for the credits over 18. For a 4-credit course, that would be 2 credits at \$365/credit. Tuition deadline is December 11th.

Do I need to do anything to apply the credits to my Winter bill?

- No, your tuition for Winter term will automatically be adjusted based on your Fall enrollment.

Things to remember:

- Any withdrawn classes in the Fall semester will count towards the 18 credits covered by your full-time tuition.
- Students who normally take an overload of 20 credits during the semester will need to take the full overload in the Fall term. Only credits not taken up to 18 in the Fall will be applied to Winter term.

For questions on how you may be able to cover the costs of a Winter term course, contact Student Financial Services at sfs@nec.edu.

Residential Undergraduate Catalog: <https://catalog.nec.edu/>

HU 1990 BASA Literacy and Critical Reading

This skills-based course provides targeted preparation for the Literacy and Critical Reading components of the Basic Academic Skills Assessment (BASA). Students will review key reading comprehension strategies, practice analyzing passages and questions aligned with BASA’s format, and develop metacognitive strategies for test-taking. Instruction will emphasize critical reading, evidence-based reasoning, vocabulary in context, and inference, with opportunities for individualized feedback. Students will work asynchronously through interactive lessons and practice tests, then meet once weekly in a synchronous review session to discuss strategies, clarify challenging questions, and reflect on progress. Timing of the synchronous session will be decided upon by students and will be recorded for those unavailable.

HU 3990 Life After College

This is a fast-paced seminar course designed to help prepare graduating seniors for life after college. In this course students will explore essential skills in personal finance, strategies for job searching, and planning for graduate school. By the end of the course, students will have created a personalized roadmap for their next steps which will include: a resume, a budget plan, and application strategy.
