

The move in process for both Henniker and Manchester campuses will take place over multiple days. All students must sign up for a 2-hour block of time to move in. Move in will start at 8:30 am and end at 4:30 pm each day. Students will only be permitted to move in on the day and at the time they are scheduled to move in. Only students will be permitted to enter the residence halls on move in days. There will be additional staff on hand to assist with larger items. Please limit the number of family member/friends on move in day to 2. Everyone who is on campus on move in day will be required to wear a mask and practice social distancing. Once a vehicle has been unloaded, it will be required to move so that other students can unload.

As students approach the Henniker campus, they will be directed to pull into the Simon Center lot to check in. Once students check in, they will be given instructions for what to do next.

As students approach the Manchester campus, proceed to French Hall to check in and receive further instructions for what to do next.

All students who arrive on move in day will be required to be tested before moving into their respective residence hall.
